

BUSINESS MEN FROM COLUMBUS SPENT NIGHT HERE

Were Entertained at Smoker Held at The Fairmont.

220 IN THEIR PARTY

Left This Morning After Visiting Local Business Establishments.

One hundred and twenty-eight business men from Columbus, Ohio, made their visit to this city last night and departed this morning on their special train for Mannington, Cameron, Mountsville, Bellairs, Barnesville and back home to Columbus. While in this city they were well entertained by members of the local commerce body, and all the visitors expressed appreciation of the hospitality shown by Fairmont citizens.

The special train bearing the distinguished visitors from the Buckeye state arrived here shortly before six o'clock last evening. When the train pulled in, a delegation of local men were on the job to welcome their business teachers from Ohio. The first thing on the program was to take the visitors on an automobile tour through the various sections of the city, the route being out Locust avenue to the Country Club road and returning to the heart of the city via Fairmont avenue, thence over the East side to the scenes of great industrial activity, with a long stop at the Owens plant where the bottle factory is in operation. Arriving back at the B. & O. station the party dined on the special train, and then went to The Fairmont hotel where a big smoker was held in honor of the guests from Ohio.

At this session Hon. O. S. McKinney presided, and his introductory talk was one of those speeches which have given Mr. McKinney the reputation as one of Fairmont's best orators. He then introduced Secretary Daniels of the Columbus Chamber of Commerce, who made a very good address and gave some organization suggestions that may be used to advantage by the local commerce body.

Other speakers of the evening were E. M. Alexander, head of the M. V. T. company; George J. Karb, former mayor of Columbus, who served 14 years in that capacity; Hon. E. M. Showalter and others.

The Godman Four, composed of Harry Freeman, Raymond Ford, Raymond Hathaway and Ross Cochran, gave some very fine vocal numbers which were greatly appreciated.

The big topic of conversation during the visit here was the matter of the reduction price wave which is sweeping many sections at the present time.

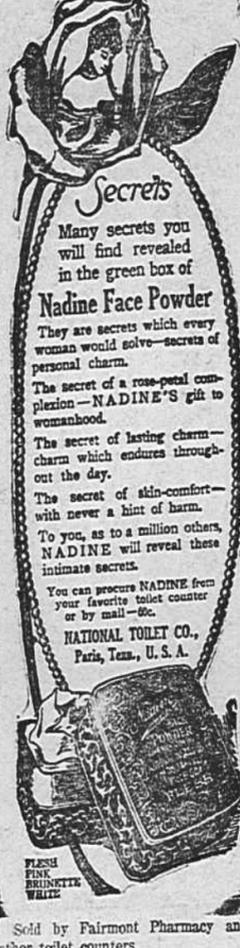

Various views on the matter were given by local men and the visiting delegation.

The Columbus men spent the early hours this morning visiting local business houses and departed on schedule time for the last lap of their tour.

HARRY W. BAYER

of Berkeley Springs, W. Va.

Republican Candidate FOR Commissioner of Agriculture OF WEST VIRGINIA

There are many reasons why Mr. Bayer should be nominated and elected by the Republicans. He is 100 per cent American and 100 per cent Republican, and always has been and assures a creditable and efficient administration of the office. A credit to the state as well as the party.

As a life long Republican, he has served his party and people with credit when entrusted with office in Morgan county, and will do the same in a State office.

He can be depended on by farmers, laborers, producers and consumers generally to enforce the laws as written on the statute books. The reduction of the High Cost of Living depends on an efficient administration of the office of Commissioner of Agriculture more than any other one agency. The Legislature created the office to be of service to all the people.

A distribution of products of the farmer to the consumer as contemplated and provided for by the Special Laws passed during the last three years, if they had been executed, would have reduced the cost of living 50% in the industrial sections alone. Every voter should examine his grocer bills during the last three years to see if he has been benefitted as the Legislature expected by the passage of such Special legislation.

If the Voters of this State want action, nominate and elect Harry W. Bayer as Commissioner of Agriculture of this State.

Coming from the Great Agricultural and Orchard belt of West Virginia, Mr. Bayer is familiar with the cost of production and all phases of the producers program and marketing problems and being in touch with the consumers needs, is in better position than any other candidate to work out the marketing problems and be of real service to the people, producers and consumers alike whom he will serve.

He has been endorsed by farmers organizations, labor organizations, producers and consumers generally, and should be nominated by the Republicans by an overwhelmingly large majority.

Hon. Vernon E. Johnson, who is well known to every Republican in West Virginia, as one of the leading men of the party, having served as Speaker of the House of Delegates during the Session of 1915, says of him:

"Berkeley Springs, W. Va.
March 30, 1920.

My Dear Sir:— I am writing you in behalf of my friend Hon. Harry W. Bayer of this county, who is a candidate for the office of Commissioner of Agriculture.

Mr. Bayer has been a resident of this county all his life and is a man who is well qualified to fill this important office with honor to himself and the State.

I cannot recommend him too highly to you and I hope you can see your way clear to help us in this end of the state to secure one of the state officers.

I again want to add my personal endorsement of Mr. Bayer's candidacy to you, and trust that he may receive your active support.

Yours Truly
VERNON E. JOHNSON"

This is only one of the many hundreds of endorsements received by this office, showing the ability and sterling character of Mr. Bayer. Mr. Bayer's statement of principles shows he is an earnest candidate who will devote his whole time to the duties of the office in a creditable and efficient manner.

'This is My Plan'

—before I lay away last season's clothes I have them cleaned and pressed by Heinze & Co. Then I feel sure all the dirt and germs have been removed and whenever I want to use them again the clothes are ready for immediate service. I have dealt with Heinze & Co. for a long time and of course I know their work is thorough and dependable. When they clean things they remove every mite of grease and grime; when they press them they are fresh and shapely; when they dye my old garments they first tell me the best colors to choose, for, you know some fabrics won't dye exactly as one would like. But they will dye properly if you pick the right colors. I have found Heinze & Co. prompt, courteous and very reasonable. It's mighty nice to phone them—number 1200—whenever you want your garments cleaned, pressed, dyed or completely overhauled.
